

## 2026 RMS Pricing:

### Our services have a minimum cost of \$365.00.

#### What's Included in the Cost?

- The transportation of your items to and from our storage facility ensures safe transit.
- A storage plan that provides 100 days of secure storage for your belongings.
- Return your items to your new Fall dorm before your return to campus.

**How Does Item Pricing Work?** Each item you decide to store with us has an individual price. This is due to a unit storage system. This allows you to customize the service to your specific needs. See pricing chart for more information.

#### 2026 Pricing:

Item	2026 Price
Small Box	\$60
Medium Box	\$70
Large Box	\$75

Other	\$100
<b>Oversize 2</b>	
Rug / Carpet	\$130
Table	\$130
Headboard	\$130
Bicycle	\$130
Oversized Item (48l x 40w x 40h)	\$130
Mattress	\$130
TV over 55"	\$130
Other	\$130

**Reaching the Minimum Cost** The sum of individual item costs contributes toward reaching the minimum service cost. For instance:

- If you choose to store a small box, a vacuum, and a coat rack, the total would be  $\$60 + \$80 + \$80 = \$220$ . However, since our services include a minimum cost of \$365, you can store items up to this value at no additional cost.

**What if My Total Exceeds the Minimum Cost?** If your selection of items to store exceeds the minimum cost, you will pay for the total of those items. For example:

- If you add a mattress and a rug/carpet to the previously selected items, your total would be \$220 (for the box, vacuum, and coat rack) + \$130 (for the mattress) + \$130 (for the rug/carpet), bringing your total to \$480. In this case, you would pay \$480, reflecting the actual cost of the items stored.

We hope this clarifies our pricing structure. Please feel free to reach out if you have any questions or if you would like assistance with your registration.

### **Move-out Procedures**

After completing the registration form, you will receive a confirmation email securing your RMS services! If you would like to purchase boxes through us, RMS will have Tabling for box pickup in the coming weeks.

### **Walk-through**

- RMS will conduct a walk-through *48 hours* before your scheduled move-out date. This walk-through will check to ensure your boxes are packed correctly and assess how many boxes and items you need to store. Please have all of your belongings packed and ready to go at this point.
- An additional final walk-through will be performed on your scheduled move-out to ensure all items are secured for transport.

### **Final Invoice**

You can expect to receive an invoice via email within around 14 days after the planned move-out day.

### **Late Fees**

Upon receiving the Final invoice, you will have 2 weeks to pay the invoice. Any payments received after the 2 weeks mark will be assessed an additional \$60 late fee.

- RMS understands that life happens. Please contact RMS immediately if you believe you will have an issue paying the invoice within 2 weeks. All cases will be handled on an individual basis.

### **Study Abroad Fall**

- *Do you require additional Storage?* For any storage needs extending beyond the initial 100 days (students who are studying abroad), RMS offers Extended Storage, billed every 30 days. Standard storage will incur a fee of \$50 for each 30-day period. For oversized, an additional charge of \$15-25 based on size/value will apply for each unit space they occupy, also billed per 30-day increments.
